Racing Biography

I broke my helmet on a tree when I was 8 on a dirtbike and in the 3rd grade I was voted best picture of the day for my rendition of "A Cloudy Day" during Arts and Crafts.

Favorite Sprint Cup Driver?

Juan Pablo Montoya. I followed his career, I love his aggressive racing style and I like how he

isn't afraid to stand his ground.

Superstitious?

I get up, go to the gym and workout. Eat a good meal, then lay in bed in my underwear for as long as possible before it is time to grab the trailer, load up the car, and head to the track. Then I try to not throw up or shake too much cause I am always extremely nervous before every race.
