#3 Wayne Barlock from Eaton, CO leapt to the lead from 4th place to start the 25 lap Main Event, quickly fending off both #66 Kyle Clegg of Westminster, CO and #8 Jon Krizman of Loveland, CO. A spin brought on a double-file restart. After 3 laps of drag racing, Clegg retook the lead. His time out front was short lived as he got loose allowing Krizman to pass him on the inside. Krizman also passed Clegg taking 2nd just behind Barlock. Another spin out brought on another restart. This time, Barlock rocketed to the lead and Clegg beat out Krizman for the 2nd spot. Half way through the Main Event, Clegg and Barlock got into each other going through turn 4. Clegg hit the wall hard but he emerged from the wreck unscathed. His vehicle was totaled and his night came to an end. The race started up again with Barlock on the pole, Krizman had the outside of row one followed by #58 Kyle Ray of Littleton, CO and #13 Pete Dellarco. After a brief scuffle, Barlock took the lead. With only 9 laps to go, Barlock spun out coming through turn 4, dropping back 10 spots. Krizman sped into an easy lead, #13 Pete Dellarco and #58 Kyle Ray drag raced 15 car lengths behind. Dellarco suffered a malfunction on the last lap, allowing hard charger Wayne Barlock back into the top 3. Krizman won the race followed by Kyle Ray and Wayne Barlock.
