Dacono, CO (September 11, 2009) Forecasts for unseasonable cold and wet weather have forced Colorado National Speedway officials to postpone tomorrows schedule Colorado Challenge Cup.

The Speedway will move the events scheduled for September 12, 2009 to Saturday September 26, 2009. The Challenge Cup part II scheduled for Saturday September 19 will take place as scheduled. The change in schedule will force the cancelation of the "Outlaw Cup" that had been originally scheduled for the 26th of September, but at this time the practice session and car show scheduled for Friday September 25 will take place as schedule.
