

Sunday, Sunday!! That was the day for the Monster Truck extravaganza at Colorado National Speedway and it wasn't just any Sunday but it was also Father's Day which made the event that much more special. It was an afternoon of non-stop carnage and destruction as world class monster trucks thrilled the packed CNS stands as well as the maniacal Demo X cars that had fans on the edge of their seats the moment the green flag dropped banging, crashing, and scrambling to the finish. CNS fans were also treated to a motorcycle stunt team as well as the Tuff Trucks. Yet clearly the stars of the show were the ear drum busting Monster Trucks that destroyed everything in their path. The Monster Trucks had the CNS faithful cheering in unison by flying over and crushing perfectly good automobiles that are now even thinner than grandmas flapjacks. It was clear that these Monster Truck drivers are not only skilled but completely fearless as they didn't shy away from any obstacle in their way.

The CNS staff would like to thank all the drivers in all the various divisions for putting on a great show but most importantly the fans which turned out in huge numbers making it clear that this type of event should become a yearly tradition.
