

If you've been dying for some hardcore, lightning fast, NASCAR racing action you'll be happy to know that this Saturday's show (May 22nd) just got a little more interesting.

The drivers are pumped and rarin' to go as it is, but <u>Pair-A-Dice Interior Finishes</u> has just upped the ante by adding an additional \$500 to the pot for the winner of the Pair-A-Dice Sportsman A Main! Thats \$1,200 to the driver who has what it takes to best our massive field of Sportsman talent this Saturday night! Nothing motivates a driver like a hefty prize waiting at the finish line so expect some of the most INTENSE driving of the season yet!

## And that's not ALL....

The Snap-On Tools Pro Trucks, Legends, Modified Coupes and the Whittar CRAAAAZY Trains will also be pounding the pavement late into the evening. Last but not least, Weather.com says this Saturday, May 22nd, is going to be the nicest day of the year so far with temperatures in the high 80s and clear, sunny skies.

It's going to be the first gorgeous evening of the summer season at our family friendly, NASCAR racing facility. You gotta be here.
