The Colorado National Speedway staff and management would like to extend a special thanks to all the drivers this season for what has started as a very successful 2013 campaign. A special thanks goes out to the drivers and teams who competed in the 6-22-2013 Quaker Steak & Lube & Gilpin Casino Night. We have received a lot of great feedback from the fans that all the divisions: Pro Trucks, Legends, Pure Stocks, and Figure 8s, put on one of the best overall shows of the year. Competitive racing, filled with drama and action, made for a night to remember. With the large crowd on hand this night set a wonderful example of why Colorado National Speedway is the best paved short track in the country!
