This Saturday Colorado National Speedway is set to bring one of the most spectacular shows of the 2009 season.

Camping World West, the regional series dating back to 1954 is coming to our very own 3/8ths paved oval.

The current point leader Jason Bowles will be on deck to defend his point lead, along with a field of around 20 of the fastest West cars this side of the Mississippi river.

The event will be broadcast on Speed later this week (check local listings for date and time) so be prepared to smile for the camera!

As if this national event wasn't enough, we at CNS are prepped to bring you the Sportsman, Figure 8s, Super Modified and the CRAAAAAZY buses.

You're not gonna want to miss it. You've Gotta Be Here!
